

EXPANDING THUNDERBOLT 3 BASED NETWORKS

Lightning fast performance is here! The Connect 10G Ethernet Adapter lets users with Thunderbolt 3 enabled computers enjoy connections of up to 10Gb/s and enable connections to a server or Local Area Network up to 100 meters distance! It's the perfect solution to boost Enterprise SMB, Studio, Gaming and Home Networking.

10X FASTER

The Connect 10G offers 10x the performance of a traditional 1Gbps Ethernet port found on most computers. Transfer files faster and more efficiently than ever.

100 METERS

The beauty of LAN based networks is that you can transfer files over distances up to 100 meters. This makes the Connect 10G ideal for shared storage environments.

HIGHLIGHTS

- Wake-On-LAN (WOL)
- Audio Video Bridging (AVB)
- High Speed Connection to a Shared Storage Environment
- 10GbE Over Thunderbolt 3
- Replaceable Thunderbolt 3 Cable
- Bus Powered
- LED Indicators

ALUMINUM CHASSIS

The Connect 10G is a bus-powered network adapter and has a stunning aluminum build-quality. This allows its internal components to stay cool and remain quiet while securely

4K VIDEO

For professional video users working with 4K video in a shared editing environment, the Connect 10G will allow your Mac or PC workstations to join a shared storage environment for easier file
